JUPITER'S SAFE, UNCROWDED BEACH

The beautiful Loxahatchee, wonderful for all water sports — ski-ing, fishing, sailing, yachting, swimming: you name it.

JUPITER IS FISHING FAMOUS! With its miles of ocean beaches, its Tidewater flowing through Jupiter Inlet to the Indian River, nearby Hobe Sound and the Intra-Coastal Waterway, its beautiful Loxahatchee River with three freshwater forks meandering for miles through the unspoiled Tropical jungles of South Florida, Jupiter offers its visitors a wide variety of fishing, boating and hunting the year 'round.

Excellent accommodations, fishing camps, restaurants, shops, garages, yacht anchorages, small boat docks, citrus groves, cattle ranches, dairy farms, churches, a fine school, homes and estates along the banks of the Loxahatchee make up this friendly community. Only 17 miles from West Palm Beach and Palm Beach, Jupiter is attractive to visitors who prefer the quiet of a small resort town to the bustle of nearby cities.

JUPITER LIGHT IS FAMOUS! At the most easterly point along Florida's coast line, is the trademark of this colorful vacation town in famous Palm Beach County. Here the Gulf Stream comes closer to the beach than anywhere on the Atlantic Coast and its trade winds bring cooling breezes in summer, warmth in winter to provide that well-known South Florida climate. Here in Jupiter, the southbound motorist sees the Ocean for the first time on U. S. 1. Here is the charm of a town unspoiled by commercialism, yet close enough to the population centers to offer all forms of recreation and entertainment. Thousands are learning that summer vacations are even more fun than those of the winter season. For those seeking homesites, there are ocean, tidewater, and freshwater frontages, rich farm lands, and established homes and estates in a lush tropical setting. Low taxes, fine highways and roads, and an old-fashioned community spirit make Jupiter one of Florida's finest towns.

One of a myriad of beauty scenes along the Loxahatchee River

INTERESTED? . . . in Florida.

Everybody, but Everybody eventually comes to the fabulous Palm Beaches. Jupiter, on the beautiful Loxahatchee River and the Atlantic Ocean, just north of Palm Beach, offers all the opportunities of world famous Southeast Florida's healthy, relaxing way of life for vacation, fishing or home ownership.

Until you've seen the unspoiled semi-tropical beauty of the Loxahatchee you have missed one of nature's lovelier contributions to the State of Florida.

The Jupiter Chamber of Commerce is anxious to give any information, in a warm friendly manner, to make your Florida trip more enjoyable. Write us.
